The Shamrock
Patrick Manor Newsletter

Dear Residents, Families, and Staff,

This year has been really moving along. Who knew it was already April.

So as always we are striving to make Patrick Manor a greater place to live and work. Making improvements every day. Theresa is starting her fourth and FINAL quarter of nursing school, it's a lot of work but she is doing great. She really misses being around her Patrick Manor family. It was nice to have her around during her Spring Break. We will have a big celebration when she is done.

While the weather is good please enjoy the garden and outdoors as much as possible. Soon summer and hurricane season will be upon us so enjoy the beautiful spring weather while we can.

Resident Council Meeting

Attendance at the Resident Council Meetings have been great! Make sure you look at the calendar for April's date. Additional activities are going to be held in the Memory Care Family Room.

APRIL DATES OF SIGNIFICANCE:

April 11 - World Parkinson's Day is observed annually on April 11 to bring attention to this degenerative condition of the neurological system. Over 10 million people worldwide suffer from Parkinson's disease, according to the latest data from the Parkinson's Foundation.

April 17 - National Ford Mustang Day. The Ford Mustang was first introduced to the world in April of 1964. The World's Fair was in full swing, and this car was Ford's introduction as the car of the future. This introduction of the Mustang also was the introduction of the first Pony Car, to wit, a line of small sporty cars with sleek lines and an affordable price-tag.

April 30 - National Oatmeal Cookie Day Around 1877, steel-cut oats started being made at the Quaker Mill Company in Ohio who then later developed a roller to flatten groats, creating the modern-day rolled oats. Eventually, Quaker Mill along with others formed the Quaker Oats Company. As for oatmeal cookies, they have been around since the 1800s. It was Fannie Merritt Farmer who created the first-ever oatmeal cookie in the U.S. However, they gained popularity only in the 1900s when Quaker Oats made the wise decision to print the recipe of oatmeal cookies on their containers and the world was introduced to these delicious treats.

Riddle Me This:

What has to be broken before it can be used?

Answer:

An Egg.

Birthdays
